

**DEPARTING PHYSICIANS
RELEASE OF INFORMATION SOLUTION**
Stay Compliant - Provide Your Patients' Medical Records On Demand.

Come discover GRM's Medical Records Release of Information service, tailor-made for Departing Physicians or Physicians ABOUT-TO-RETIRE.

Our HIPAA-certified specialists have strategies that ensure your patients are never without access to their medical records, providing fully compliant Peace of Mind, long after you are no longer practicing.

With over 25 years of experience in Healthcare Records Management, GRM's HIPAA-certified professionals manage every step in the process to ensure that correct medical information is reliably and confidentially received by your patients. When combined with GRM offsite records storage, our Release of Information (ROI) solutions liberate retiring physicians from the cost, liability and obligation of fulfilling post-practice information requests.

GRM's Blended Solution assists Departing Physicians with

- A Nationwide Network of Local Storage and Processing Facilities
- A Targeted Approach to Notifying Patients of their Medical Records
- HIPAA-certified Customer Service Support
- Compliant and Secure Delivery of Records to Requestors
- Accounting of Disclosure
- Retention Scheduling, Storage and Destruction

Complete Regulatory Compliance

Medical Records Release of Information requests are processed quickly and accurately to ensure complete adherence with HIPAA, HITECH and other relevant Federal/ State regulations.
